

Crane Folding Instructions

ORIGAMI LETTER

Before You Start

Orient the paper so that the 2 ☆ on the template are in the bottom part of the diamond. After that turn the paper over.

01

Start with the white side of the paper facing up and fold in half diagonally.

02

Fold in half again along the dotted line.

03

Fold that flap back and...

04

Squash fold this flap down.

05

Turn the model over, we're going to repeat the last few steps on the other side.

06

Fold the flap over to the left along the dotted line.

07

Squash fold this flap down.

08

Fold the side flap to the centre along the dotted line.

09

Crease this fold well and then unfold it.

10

Fold the flap on the other side to the centre along the dotted line.

11

Crease this well and unfold.

12

Fold the top down along the dotted line.

13

Crease this well and unfold.

14

Lift the top flap of paper up along the crease you just made. We're going to make a petal fold.

15

Continue lifting up and push in the sides along the creases you made in the previous couple of steps.

16

Flatten everything along the creases you already made.

17

The completed petal fold. Turn the model over, we're going to make a petal fold on the other side too.

18

Fold the side to the centre along the dotted line.

19

Crease this well and then unfold.

20

Fold the other side to the centre along the dotted line.

21

Crease this well and unfold.

22

Fold the top down along the dotted line.

23

Crease this well and unfold.

24

Lift the top flap of paper up along the crease you just made. We're going to make another petal fold.

25

Continue lifting up and push in the sides along the creases you made in the previous couple of steps.

26

Flatten everything along the creases you already made.

27

Fold the top flap on the right to the centre along the dotted line.

28

Fold the top flap on the left to the centre along the dotted line as well.

29

Turn the model over, we're going to repeat the last to steps on the other side.

30

Fold the top flap on the right to the centre along the dotted line.

31

Fold the top flap on the left to the centre along the dotted line.

32

Fold the long thin section of paper on the right up along the dotted line.

33

Crease this well and unfold.

34

Fold the long thin section of paper on the left up just like you did on the other side.

35

Crease this well and unfold.

36

Turn the model over, we're going to repeat the last couple of steps on the other side.

37

Fold the long thin section of paper on the right up along the dotted line.

38

Crease this well and unfold.

39

Fold the long thin section of paper on the left up just like you did on the other side.

40

Crease this well and unfold.

41

Now we're going to make an inside reverse fold along the creases you just made on the right side of the model.

42

Lift the paper up inside the model along the creases you already made and flatten everything.

43

Make another inside reverse fold along the creases you already made along the left side of the model.

44

Lift the paper up inside the model along the creases you already made and flatten everything.

45

Now we're going to fold the head. Fold the long thin section of paper on the left down along the dotted line.

46

Crease this well and unfold.

47

Turn the model over so we can repeat this on the other side.

48

Fold the long thin section of paper on the right side now down along the dotted line.

49

Crease this well and unfold.

50

Fold the head by making an inside reverse fold along the creases you made in the previous couple of steps.

51

Fold down the wings on both sides along the dotted line.

52

Gently open the two wings on each side, push down on the back to round out the body, and create a 3D crane.

Complete

The completed origami crane.
