Before You Start

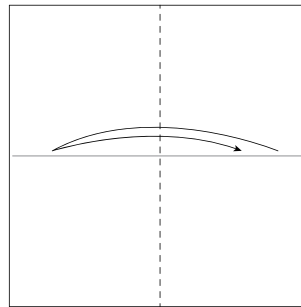

Orient the paper so that the 2 ☆ on the template are in the upper corners of the square. After that turn the paper over.

01

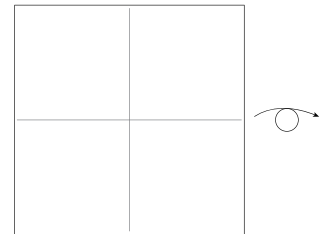

Fold the paper in half horizontally along the dotted line. Crease this well and then unfold it.

02

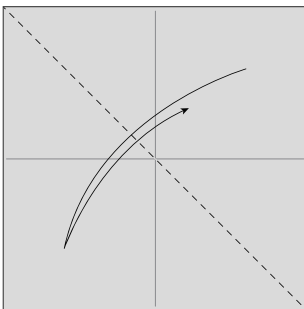

Fold the paper in half vertically along the dotted line. Crease this well and then unfold it.

03

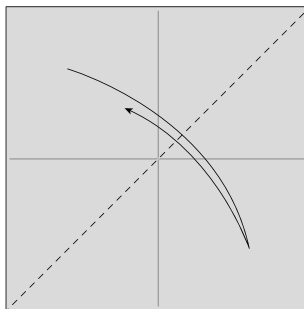

Turn the paper over.

04

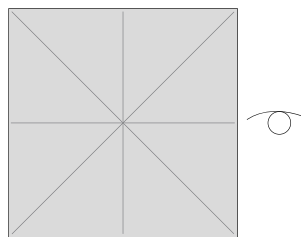

Fold the paper in half diagonally along the dotted line. Crease this well and then unfold it.

05

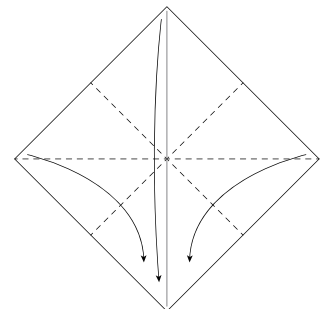

Fold the paper in half diagonally the other way along the dotted line. Crease this well and then unfold it.

06

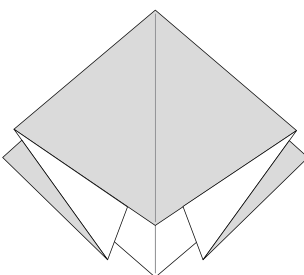

Turn the paper over.

07

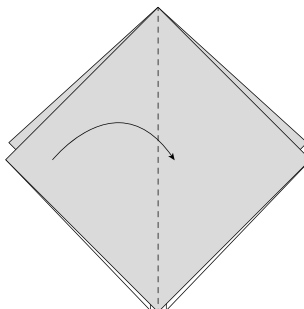

Using the existing creases bring the left, right and top corners to the bottom.

08

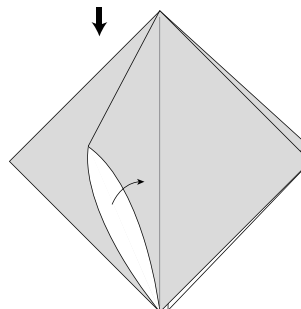

The paper will take on a shape that looks like this. Press everything flat along the existing creases.

09

24

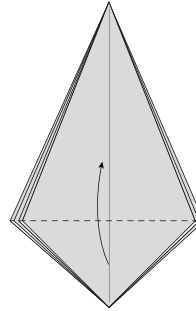

Take a moment and make sure that you have 4 flaps of paper on both sides. If you don't, move how ever many flaps you need to the other side. The front and back of the model should both look like what you see here.

25

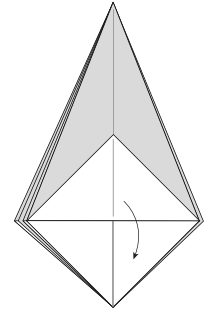

Fold the top flap of paper over to the left along the dotted line.

26

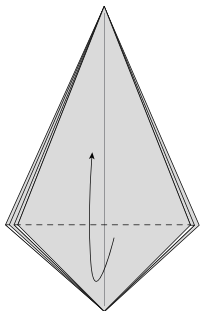

Fold the paper up along the dotted line and crease it well.

27

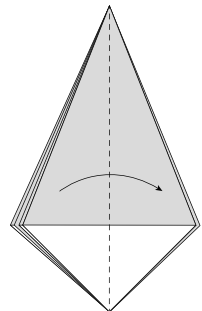

Unfold the fold from the previous step.

28

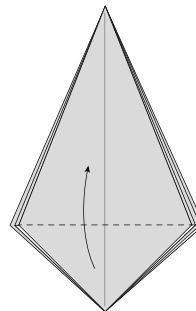

Fold the paper up and inside the model, you can use the previous crease as a guide.

29

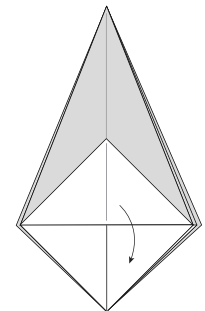

Fold the top two flaps of paper on the left over to the right along the dotted line.

30
