## Fiscal Year 2020 (ending March 31, 2021)

Third Quarter Results<br>(3-month results ended December 31, 2020)

## Brother Industries, Ltd. February 3, 2021

> Information on this report, other than historical facts, refers to future prospects and performance, and has been prepared by our Management on the basis of information available at the time of the announcement. This covers various risks, including, but not limited to, economic conditions, customer demand, foreign currency exchange rates, tax rules, regulation and other factors. As a result, actual future performance may differ from any forecasts contained on this report.

## Results for FY2020 Q3 (Oct.-Dec.)

## $\checkmark$ Profit increased significantly, mainly backed by strong performance of the P\&S and P\&H businesses

- P\&S business:

Profit increased substantially due to the stronger-than-expected recovery of consumables, along with ongoing demand for SOHO products targeting people working from home

- P\&H business:

Demand for handmade using home sewing machines continued and sales increased mainly in low-end equipment, resulting in substantial increase in both revenue and profit

- Machinery business (Machine tools):

Both revenue and profit increased as demand in the automotive and general machinery industries recovered in China

- N\&C business:

The difficult circumstances continued due to shortened business hours at karaoke locations and declining demand for commercial karaoke machines

- Domino business:

In addition to C\&M hardware, consumables (C\&M/DP) maintained momentum following gradual recovery of demand

## Forecast for FY2020

## The forecast for FY2020 consolidated results was revised upward due mainly to better-than-expected results in Q3 despite expected worsening of the business environment in the N\&C business

- P\&S business:

Revised upward in light of better-than expected results in Q3, the firm performance of hardware products in the SOHO segment associated with ongoing demand from people working from home, and anticipated recovery of demand for consumables

- P\&H business:

Revised upward in response to better-than-expected results in Q3 and anticipated continuation of demand for handmade using home sewing machines

- Machinery business (Machine tools):

Revised upward in anticipation of continued recovery of demand in the automotive and general machinery industries in China

- N\&C business:

Revised downward due to impairment charges for karaoke clubs, along with the impact of resurgence of COVID-19

## Dividend Forecast for FY2020

- The amount of year-end dividend will be left undecided and will be determined and announced based on the shareholder return policy upon determination of business results

Results for FY2020 Q3 (Oct.-Dec.)

## Consolidated Results for FY2020 Q3

## Profit increased significantly as the P\&S and P\&H businesses mainly performed well

## Dividend Forecast

## brother

at your side

## The amount of year-end dividend will be left undecided and will be determined and announced based on the shareholder return policy upon determination of business results

Although the Company made upward revisions to its consolidated results forecast for the fiscal year ending March 31, 2021 in light of recent trends in business performance and other factors, actual results may deviate from the forecast announced this time given the impact of resurgence of COVID-19 in the U.S., Europe, and Japan.

Taking such a situation into consideration, the Company will leave the year-end dividend forecast for the current fiscal year undecided at this point, and will again determine and announce its year-end dividend based on the shareholder return policy (payout ratio of $35 \%$ ) when business results for the current fiscal year are determined.
